Journal of Fibers and Polymer Composites (JFPC)

Journal of Fibers and Polymer Composites (JFPC) is an international journal, focuses on applied agricultural science and applied agricultural technology in particular: agricultural mechanization, food sciences, food technology, agricultural information technology, agricultural economics, agricultural statistics, bioinformatics, farm structure, farm power, agricultural machinery, irrigation and drainage, land and water resources engineering, renewable energy, environment, crop production, and crop protection.

JFPC has been ACCREDITED by the Ministry of Research, Technology and Higher Education (RistekDikti) of The Republic of Indonesia as an achievement for the peer-reviewed journal. New accreditation Sinta 3 starts from Volume 1 Number 1 in 2022 to Volume 5 Number 2 in 2026. The Minutes of the determination of journal accreditation results for the first period of 2025 have been issued Decree of the Director General of Higher Education, Research and Technology Number 10/C/C3/DT.05.00/2025 dated March 21, 2025 concerning Scientific Journal Accreditation Ratings for the first period of 2025.

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. The journal can be accessed at www.JFPC.org

Benefits of open access for the author, include:

- Free access for all users worldwide
- Increased visibility and readership
- Rapid publication
