JOURNAL OF FIBERS AND POLYMER COMPOSITES

Journal of Fibers and Polymer Composites (JFPC)

Journal of Fibers and Polymer Composites (JFPC) is an international journal, focuses on applied agricultural science and applied agricultural technology in particular: agricultural mechanization, food sciences, food technology, agricultural information technology, agricultural economics, agricultural statistics, bioinformatics, farm structure, farm power, agricultural machinery, irrigation and drainage, land and water resources engineering, renewable energy, environment, crop production, and crop protection.

JFPC has been ACCREDITED by the Ministry of Research, Technology and Higher Education (RistekDikti) of The Republic of Indonesia as an achievement for the peer-reviewed journal. Started from Volume 4 Number 2 2020, the accreditation of JFPC is promoted to Sinta 2 rank as stated on the decree of Director of Resources of Ministry of Education, Culture, Research and Technology Number [5162/E4/AK.04/2021](#).

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. The journal can be accessed at www.JFPC.org

Benefits of open access for the author, include:

- Free access for all users worldwide
- Increased visibility and readership
- Rapid publication

The works/articles in the Journal of Fibers and Polymer Composites are bound to Creative Commons Attribution License (CC BY-SA 4.0)
