JOURNAL OF
FIBERS AND
POLYMER COMPOSITES

PUBLISHER : GREEN ENGINEERING SOCIETY

Journal of Fibers and Polymer Composites (JFPC)

Journal of Fibers and Polymer Composites is the international engineering and scientific journal serving the fields of fibers and polymer composites including processing methods and techniques, new trends and economic aspects, and applications. Journal of Fibers and Polymer Composites is unique because it covers interdisciplinary areas related to fibers and polymer composites.

Journal of Fibers and Polymer Composites presents peer-reviewed research and review papers from leading research organizations, universities, laboratories, research centers, and independent researchers.

Journal of Fibers and Polymer Composites has been ACCREDITED by the Ministry of Higher Education, Science, and Technology (Kemendikristek) of The Republic of Indonesia as an achievement for the peer-reviewed journal. Started from Volume 1 Number 1 (2022), the accreditation of the Journal of Fibers and Polymer Composites is promoted to Sinta 3 rank as stated on the decree of Director of Resources of Ministry of Education, Culture, Research and Technology.

Translated with DeepL.com (free version)

This journal provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge. The journal can be accessed at www.JFPC.org

Benefits of open access for the author, include:

- Free access for all users worldwide
- Increased visibility and readership
- Rapid publication

The works/articles in the Journal of Fibers and Polymer Composites are bound to Creative Commons Attribution License (CC BY-SA 4.0)

Journal of Fibers and Polymer Composites, with registered number ISSN: 2621-2528 (online), ISSN: 2621-4709 (print) has been indexed on:
